

Appendix 'A'

**TO WHOM SO EVER IT MAY CONCERN**

This is to certify that sanitation, hygiene and fire fighting safety measures observed in the Sainik School Satara campus are good and adequate. Necessary service is provided by this organization to keep school campus clean and in hygienic condition.

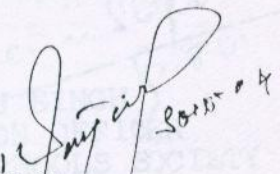

Water purifiers are present at various places in the campus like hostels, mess, offices and they are working in good condition, also they are always kept clean by school management.

Latrines, toilet blocks at various places in the campus are well furnished, clean and in hygienic condition. Disinfectant is used at time to time. Latrines and toilet blocks are neatly connected to sewage tanks and outlets of sewage tank are connected to Nagarpalika gutters. Bio-gas plant and sewage water settling tanks are working in good conditions.

The cleanliness is observed in the mess. All cooking units are in good condition and they are safe. School is keeping necessary maintenance to work out these units in normal condition. The school is taking necessary precautions so that no fire takes place in the mess. There are 50 Nos. of fire fighting extinguishers are kept at various places in the school campus and can be collected easily to extinguish fire.

This organization has enough fire fighting vans to extinguish fire.
